INTERPRETIVE STATEMENT

This amendment would dedicate moneys collected by the State relating to natural resource damages through settlements or awards for legal claims based on environmental contamination. These moneys would be dedicated to repair, replace, or restore damaged natural resources, or to preserve the State's natural resources. The moneys would be spent in an area as close as possible to the geographical area in which the damage occurred. The moneys could also be used to pay for the State's legal or other costs in pursuing the claims. Currently, these moneys may be used for any State purpose.
